PEACHTREE'S DESIGN-LITE GLASS PROVIDES BEAUTIFUL DECORATIVE-GLASS LOOK AT FRACTION OF COST

MOSINEE, Wis., — Peachtree® Doors and Windows has announced the availability of Design-Lite Glass, which uses advanced manufacturing technology to recreate stunning decorative-glass looks for a fraction of the cost. Design-Lite Glass is available on all Peachtree windows, entry door systems and patio doors.

True decorative glass is formed by using different types of glass and glass chips, with coming in brass, black, patina or oil-rubbed bronze distinctively accentuating the patterns shaped by various glasses. Using an advanced technology, Peachtree's Design-Lite Glass applies a thin bead of acrylic, in silver, oil-rubbed bronze, gun metal or white, to a window, patio door or entry door panel in one of three standard offerings: acrylic coming with a 3/16" bead, Optically Divided Lite (ODL) grilles with simulated edge-bevel in rectangular shapes, and acrylic coming with simulated edge-bevel in rectangular patterns.

"Peachtree's Design-Lite Glass is a great way to dress up a patio door or window without the costs associated with true decorative glass," said Jeff Kibler, Peachtree brand manager. "We think this option will be inviting to homeowners – especially those trying to create a one-of-a-kind look within a modest budget."

Peachtree Doors and Windows has been manufacturing millwork products since 1959. Headquartered in Mosinee, Wis., Peachtree manufactures and markets wood windows and patio doors, and steel and fiberglass patio and entry door systems. Products are sold nationwide through home improvement retailers and building materials dealers. For more information about Peachtree's complete product line, visit peachtreedoor.com or call 800.732.2499.
